Alexandria, VA 22313-1450

Sir:

Pursuant to 37 C.F.R. §§1.97 and 1.98, applicants respectfully request that the documents listed below and on the accompanying PTO 1449 be considered by the Examiner and made of record in the above-referenced application. Copies of the listed documents are enclosed.

1. Saravanabhavan et al. (2003) "Green solution for tannery pollution: effect of enzyme base lime-free unhairing and fibre opening in combination with pickle-free chrome tanning", *Green Chemistry* 5: 707-714.
2. Thanikaivelan et al. (2003) "Stepping into third millenium: third generation leather processing - a three step tanning technique", *Journal of the American Leather Chemists Association* 98: 173-184.
3. Thanikaivelan et al. (2001) "Development of leather processing method in narrow ph profile: Part. 2. Standardisation of tanning process", *Journal of the Society of Leather Technologists and Chemists* 85: 106-115.
4. Thanikaivelan et al. (2000) "Development of leather processing method in narrow ph profile: Part. 1. Standardisation of dehairing process", *Journal of the Society of Leather Technologists and Chemists* 84: 276-284.
5. Rao et al. (1999) "Surveillance of chromium tanning: A Revisit," *Science and technology for leather into the next millennium*, *Proceedings of the XXV International Union for Leather Technologists and Chemists Societies Congress*, p. 295-301.
6. Covington et al. (1983) "A prtical chrome recovery system using magnesium oxide", *Journal of the Society of Leather Technologists and Chemists* 67: 5-12.
7. Herfeld et al. (1975) "Fachzeitschrift für die chemie und technologie der lederherstellung mittellungsblatt des vereins für gerberel-chemie und -technik E.V.", *Das Leder* 26: 117-128.

Enclosed is foreign language reference, Herfeld et al. (Ref. #7). Applicants submit that there is no readily available English language translation corresponding to Herfeld et al.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed documents are material or constitute "prior art." If the Examiner applies the documents as prior art against any claim in the application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of the documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should the documents be applied against the claims of the present application.

Applicants do not believe that any fee is due in connection with the submission of this paper. However, if any fee is due, or if any overpayment has been made, the Commissioner is authorized to charge any such fee or credit any overpayment, to our Deposit Account No. 02-4377. Duplicate copies of this sheet are enclosed.

Respectfully submitted,
BAKER BOTTS LLP

A handwritten signature in cursive script, reading "Rochelle K. Seide", is written over a horizontal line.
